CAPABILITY STATEMENT

Wasatch Frontier Group LLC is your partner in advancing operational goals through quality, innovation, and sustainable practices. We pride ourselves on our unique capabilities that not only distinguish us from our competitors but also provide tangible benefits to government agencies we partner with. We are a minority owned small business with cost, performance, and sustainability in mind.

PAST PERFORMANCE

- **Suba Tech:** Contract manufacturing consulting services/printed circuit assembly for fortune 500 client powering power control modules in ISO 9001 facility.
- **Crosspoint Solutions:** Performed administrative management/consulting of production assembly operations.
- **Stanford University:** Helped procure analytical laboratory instruments for genetic analysis and scientific operations.

DIFFERENTIATORS

- **Integrated Service Model:** We offer a seamless suite of services from administrative support to custom transportation solutions, ensuring unmatched efficiency and cost-effectiveness for our clients.
- **Eco-Friendly Practices:** Our commitment to sustainability is evident in our janitorial services, where we use sustainable materials and methods, aligning with the environmental goals of government operations.
- **Custom Transportation Solutions:** Our capability to deliver tailor-made transportation equipment, including specialized EMS/LE vehicles, showcases our innovation and technical expertise.
- **High-Mix, Low-Volume PCB Assembly:** Specializing in flexible and quality-driven PCB assembly, we cater to diverse project requirements, emphasizing affordability and precision.
- **Proven Track Record:** Our history of successful collaborations with prestigious partners demonstrates our reliability and excellence in meeting stringent client requirements.
- **Advanced Technology Investment:** We leverage cutting-edge technology in product development and service delivery, ensuring we provide forward-thinking solutions across all our service areas.
